Annex, Issue No. I of 02.04.2021 to certificate No. 10786/ET/2021

1. **Scope:** Assessment and verification of the manufacturing process of the pressure equipment covered by the Directive 2014/68/EU
2. **Reference documents:** AD2000 Merkblatt HP0 – issued October 2017
3. **Conditions for validity of the certificate:**
 - 3.1 During the period of validity of the certificate, the ordering part will be:
 - maintained compliance with the requirements of the specification referred to in the certificate and documentation.
 - informed about any changes, in particular regarding the location and scope of operation
 - kept records of all complaints as well as corrective and preventive actions
 - 3.2 During the validity period of the certificate supervision will be exercised by UDT – CERT according to planned supervisions audits.
 - 3.3 The first audit will be carried out by UDT-CERT within 12 months from the date of issuing the certificate. The second audit will be carried out within another 12 month from the date of the first audit.
 - 3.4 In the event of expiry of the certificate, suspension of its validity or revocation of its validity ordering part is obligated to immediately stop referring to the certification.
4. **Suspension, revocation and limitation of the certificate validity.**
 - 4.1 UDT-CERT may suspend, withdraw or limit the scope of the certificate as appropriate:
 - Notification by the customer,
 - Finding, as a result of the inspection, non-compliance with the criteria being the basis for issuing the certificate or, in the event or limiting the scope of the certificate,
 - The inability to conduct activities covered by the scope of the certification,
 - Preventing the inspection by the customer,
 - Failure by the customer of the terms of the contract No. 81667/ET/2021 of 10.03.2021,
